

Company: All ECNZ certified Resene products

Document number: EVS-20-04

Issue Date: 19 October 2020

Subject: Validity of Environmental Choice NZ certification and certificate expiry

As part of its independent product verification activities, EnviroSpec regularly refers to and reviews Environmental Choice NZ certificates (ECNZ).

These are valid for a period of 12 months and are regularly renewed via annual re-auditing activities carried out by ECNZ..

For any given time that a product is deemed to have a valid ECNZ certification, the manufacturer and certified product names are notified on the ECNZ website.

A print out of the ECNZ website, showing nominated products is therefore a suitable and satisfactory set of evidence that the product is certified at the time, and remains certified until removed from the website altogether.

Rather than re-printing and re-uploading a new certificate each 12 month period, EnviroSpec now provides a dated web print-out from the relevant section of the ECNZ website, with the associated url for traceability purposes.

This is now supplied as evidence that the product is certified, until it is removed by ECNZ from its own website, at which point any reference to product ECNZ certification will be removed from the EnviroSpec website and all associated EnviroSpec documentation accordingly.

Resene has all the quality paints, colours, wallpaper, curtains and expert advice you need to get a superb finish on your decorating projects. Choose from thousands of colours in the Resene Total Colour System or let Resene create a custom colour match for you. Once you've chosen your favourite colour, get it tinted into the extensive range of Resene Environmental Choice approved low VOC paints. See the latest Resene fashion colours and whites and neutrals collection and get friendly and professional advice about how you can use these in your projects. Or if you have a tricky surface or project to paint, get free technical advice on the best paint system to use and how to apply it. Resene has been proudly 100% NZ owned and operated since it started in 1946 and was named New Zealand's Sustainable Business of the Year 2010 and Most Trusted Paint brand since 2012.

Resene was awarded the Environmental Choice label for Paints in May 1996, and has a long list of licensed products.

Below is a list of Resene products that have the Environmental Choice licence:
